Targeted Brownfields Assessments (TBA)

Type: Grant

Deadline: Ongoing

EPA's Targeted Brownfields Assessment (TBA) program helps states, tribes, and municipalities minimize the uncertainties of contamination often associated with brownfield sites. This program supplements other efforts under the Brownfields Program to promote the cleanup and redevelopment of brownfield sites. TBAs are considered a grant of services and are conducted by environmental consultants currently under contract with EPA. It is important that the applicant currently have redevelopment plans for the contaminated property. The applicant should apply on behalf of a specific site which it currently owns or can obtain ownership through some other means (e.g. tax foreclosure). Diesel Emissions Reduction Act (DERA) Grant

Type: Grant

Deadline: 12/1/2023

DERA National Grants support the replacement of many high-emission vehicles with energy efficient transportation and technologies, especially fleets operating in poor air quality or goods movement facilities and areas.

Eligible diesel vehicles, engines, and equipment include school buses, on-highway heavy duty vehicles, locomotives, marine engines, and nonroad engines, equipment or vehicles used in construction, handling of cargo (including at ports or airports), agriculture, mining or energy production (including stationary generators and pumps). Funds may also be used for EPA verified technologies or certified engine configurations, California Air Resources Board (CARB)-verified technologies or certified engines,

EPA-verified idle-reduction technologies, EPA-verified aerodynamic technologies and low rolling resistance tires, and early engine, vehicle, or equipment replacements with certified configurations. Funds awarded under this program cannot be used to fund emission reductions mandated by Federal law. Equipment for testing emissions or fueling infrastructure is not eligible for funding.

Eligible applicants include regional, state, local, or Tribal governments and consortia, port authorities with jurisdiction over transportation or air quality, and nonprofit organizations or institutions providing pollution reduction or educational services to diesel fleet owners, managers, and operators, or to those with promotion of transportation or air quality as their principal purpose. School districts, municipalities, and metropolitan planning organizations (MPOs) are eligible entities to the extent that they fall within the definition above.

Healthy Homes Production Grant Program

Type: Grant

Deadline: 11/7/2023

The Healthy Homes Program addresses multiple childhood diseases and injuries in the home. The Initiative takes a comprehensive approach to these activities by focusing on housing-related hazards in a coordinated fashion, rather than addressing a single hazard at a time.

The HHI builds upon HUD's successful Lead Hazard Control programs to expand its efforts to address a variety of environmental health and safety concerns including: mold, lead, allergens, asthma, carbon monoxide, home safety, pesticides, and radon.

Equity Fund – Rural Workforce Housing Initiative (One Georgia Authority)

Type: Grant or Loan

Deadline(s): 1/12/2024 for April award announcement; 4/12/2024 for June award announcement

With this opportunity, there is financial assistance available via the Equity Fund available in the form of grants and loans for activities that result in housing that meets the needs of working families and others who may consider relocating to a community for employment reasons. Workforce housing funds will be awarded on a competitive basis to projects that demonstrate an ability to address:

- Ongoing workforce housing needs, as identified by a recent housing study;
- Difficulty satisfying workforce needs in communities or regions with low unemployment; or
- A community or regional commitment to expand and improve existing housing stock.

This initiative is intended to provide a flexible funding source to support any eligible activity that results in workforce housing. Examples of such activities include essential community infrastructure specifically needed to support new housing development, land acquisition (subject to public ownership requirements), and construction finance for workforce housing.

Grantees will be expected to demonstrate transformational change in workforce housing. OneGeorgia funds are offered to support housing affordability; therefore, resulting cost savings must contribute to the affordability of the per unit purchase price or rent extended to families who ultimately benefit from the activity.

Infrastructure grants are limited to no more than \$2,500,000 per application and development.

Construction finance is limited to no more than \$1,000,000 per applicant and development. The

Authority reserves the right to fund, in whole or in part, any, all, or none of the applications submitted.

Applications for less than \$250,000 will not be accepted; however, the Authority reserves the ability to waive minimum and maximum funding limits at its discretion.

Matching: Applications are expected to leverage other sources of funding – private debt or equity, philanthropic support, or other public funds. For applicants seeking assistance with infrastructure, there is no prescribed match requirement; however, leverage will factor into an application’s overall competitiveness.

Eligible Applicants: Units of general-purpose local government (e.g., city, county, consolidated government), as well as local, regional, and state authorities, generally in partnership with a housing developer, are eligible to apply. The OneGeorgia Authority will also consider offering loans to private developers, including not-for-profits and community housing development organizations, to further the objectives of this initiative. Applicants may only submit applications within OneGeorgia eligible and conditionally eligible counties.

CDBG Section 108 Loan Guarantee Program

Type: Loan Guarantee

Deadline: Ongoing

The CDBG Section 108 Loan Guarantee Program is an economic and community development financing tool authorized under Section 108 of Title I of the Housing and Community Development Act of 1974, as amended. The program is a method of assisting non-entitlement local governments with certain unique and large-scale economic development projects that cannot proceed without the loan guarantee. In order to be eligible a project must meet all applicable CDBG requirements and result in significant employment and/or benefit for low and moderate income persons. Projects that are eligible for financing under existing federal, state, regional or local programs will generally not be considered for guarantee assistance unless the programs would fail to fully meet a project's need.

Downtown Development Revolving Loan Fund (DDRLF)

Type: Grant to Lenders (grants for DDAs to lend to businesses)

Deadline: Ongoing

The purpose of the Downtown Development Revolving Loan Fund (DD RLF) is to assist cities, counties and development authorities in their efforts to revitalize and enhance downtown areas by providing below-market rate financing to fund capital projects in core historic downtown areas and adjacent historic neighborhoods where DD RLF will spur commercial redevelopment. Eligible applicants under this program shall be municipalities with a population of 100,000 or less, counties with a population of 100,000 or less proposing projects in a core historic commercial area, and development authorities

proposing projects in a core historic commercial area in municipalities or counties with a population of 100,000 or less. The ultimate user of funds may be a private business or a public entity such as a city or development authority.

Redevelopment Fund (RDF)

Type: Grant or Loan (Flexible Financial Assistance)

Deadline: Ongoing

Recognizing that redevelopment projects can be the most challenging economic and community development projects a local government may undertake, the Redevelopment Fund (RDF) was created as a set-aside of Georgia's non-entitlement CDBG Program. The RDF provides local governments access to flexible financial assistance to help them implement projects that cannot be undertaken with the usual public sector grant and loan programs. The RDF finances locally initiated public/private partnerships to leverage investments in commercial, downtown, industrial redevelopment, and revitalization projects that may not proceed otherwise. Unlike other DCA CDBG programs, the RDF uses the CDBG national objective of "eliminating slums or blight." As a result, many smaller scale projects (in downtown areas or blighted industrial areas) may be competitive for RDF financing.

Renaissance Strategic Visioning and Planning Process (RSVP)

Type: Technical Assistance

Deadline: Ongoing

The Downtown Renaissance Strategic Visioning and Planning Process assists downtowns through the creation of a community-supported vision, plan, and implementation program. The RSVP is both a downtown master planning process and a downtown planning document that illustrates the community's vision for the future and provides the steps to get there. Driven by a robust public input process that seeks the participation of all community members, RSVPs help local governments and community partners prioritize top downtown issues and work to establish a consensus around what must be achieved in the short and long-term.

Wells Fargo Foundation

Type: Grant

Deadline: Ongoing

Wells Fargo and Wells Fargo Foundation collaborate with a wide range of national and local nonprofit organizations that align with our strategic funding priorities: financial health, housing affordability, small business growth, and sustainability to address these complex societal issues and help create a more inclusive, equitable, and sustainable future.

Grant Proposals are evaluate based on the following considerations:

- Ability to measure and report on established outcomes-based success metrics aligned to strategic objectives, which includes providing a forecast of expected outcomes in the application and may also require periodic impact reports with actual project/program results.
- Promote diversity, equity, and inclusion and leverage racial equity/social justice and sustainability best practices and principles
- Promote innovative and scalable solutions
- Incorporate human capital and volunteerism opportunities

Public Transportation Emergency Relief Program

Type: Grant

Deadline: 10/31/2023

The Federal Transit Administration's (FTA) Emergency Relief Program, established under MAP-21 legislation, enables FTA to provide assistance to public transit operators in the aftermath of an emergency or major disaster. The program helps states and public transportation systems pay for protecting, repairing, and/or replacing equipment and facilities that may suffer or have suffered serious damage as a result of an emergency, including natural disasters such as floods, hurricanes, and tornadoes.

The program can fund capital projects to protect, repair, or replace facilities or equipment that are in danger of suffering serious damage, or have suffered serious damage as a result of an emergency. The program can also fund the operating costs of evacuation, rescue operations, temporary public transportation service, or reestablishing, expanding, or relocating service before, during or after an emergency.

CDBG – CV Program

Type: Grant

Deadline: Ongoing

The CDBG-CV program originated from the CARES Act of 2020, enacted to provide relief in response to the COVID-19 pandemic. An allocation was made to states to “prevent, prepare for, and respond to” COVID-19 through funding from the Department of Housing and Urban Development (HUD). In total, Georgia received \$82,850,707 from HUD for the CDBG-CV program, including administration. Generally speaking, all typical federal requirements associated with CDBG funding apply to grantees and subgrantees. In addition to the CDBG regulations, DCA and its subgrantees must adhere to all additional requirements outlined in Federal Register Notice FR-6218-N-01.

Georgia Tech – Enterprise Innovation Institute

Economic Development Research Program (EDRP)

Type: Technical Assistance Matching Grant

Deadline: Ongoing, reviewed on a rolling basis

The Center for Economic Development Research at Georgia Tech's Enterprise Innovation Institute will be funding a new round of Economic Development Research Program (EDRP) projects and is looking for communities to submit their applications for research. The mission of EDRP is to assist local communities by providing affordable economic development and policy research to enhance their competitive positions. The types of research include strategic planning and visioning, economic forecasting, fiscal and economic impact analysis, community assessments, downtown development planning, and workforce analysis and planning to name a few. If your community has a need for economic development research, is willing to become actively involved in the project during the study phase and follow-up implementation, and is willing to provide some level of cost match, Georgia Tech and EDA want to partner with you to conduct the research. There are limited funds available and projects will be chosen based on local commitment, likelihood of implementation, level of cost match, and obviously a match with the capabilities of the research team at Georgia Tech. We look forward to getting your applications and partnering with you to meet your community's research needs.

KABOOM!

KABOOM! Community-Built Playspace Grants

Type: Grant

Deadline: Ongoing

Note: Greater Atlanta area only

Description: Our Community-Built Playspace grants are a partnership between your community, one of our dedicated funding partners, and KABOOM! As a Community Partner, you'll lead a process that will center your community's voices — both kids and adults — to design, plan, and build a new playspace using our signature community-build model. Depending on your community's needs, available space on your property, and available funding, KABOOM! offers three different types of playspaces. Once you've submitted an application, KABOOM! will evaluate your eligibility for the different types, and begin a conversation with you to determine which playspace is best for your community's kids. You can preview the application questions here. Take the quiz to confirm your eligibility for this grant. Submit any inquiries through contact form or email apply@kaboom.org.
