

Current and Upcoming Opportunities

American Rescue Plan Act (ARPA)

The American Rescue Plan Act (ARPA) provides \$350 billion in highly flexible direct allocations for state, local, and territorial governments, focusing on use for critical infrastructure. Georgia and its cities and counties will receive \$4.853 billion of that \$350 billion by direct allocation. Half of that funding was previously distributed this year, and the remaining half will be disbursed next May. The goal of these funds is to make your community whole and help stimulate the economy through spending on infrastructure, innovation, and government service.

Current opportunities for funding available through ARPA are listed below (click on an opportunity for more information).

- ❖ [Economic Adjustment Assistance – ARPA](#)
- ❖ [AmeriCorps Seniors - American Rescue Plan Senior Demonstration Program \(SDP\)](#)
- ❖ [Competitive Tourism Grants – ARPA](#)
- ❖ [Good Jobs Challenge – ARPA](#)
- ❖ [Enhanced Air Quality Monitoring for Communities – ARPA](#)

Additional funding opportunities will be made available in 2022, particularly in the realm of infrastructure. For more information about ARPA funds, please see [ECG's previous communication](#) about this important topic.

Redevelopment Fund (RDF)

Deadline: Ongoing

Type: Grant or Loan (Flexible Financial Assistance)

Recognizing that redevelopment projects can be the most challenging economic and community development projects a local government may undertake, the Redevelopment Fund (RDF) was created as a set-aside of Georgia's non-entitlement CDBG Program. The RDF provides local governments access to flexible financial assistance to help them implement projects that cannot be undertaken with the usual public sector grant and loan programs. The RDF finances locally initiated public/private partnerships to leverage investments in commercial, downtown, industrial redevelopment, and revitalization projects that may not proceed otherwise. Unlike other DCA CDBG programs, the RDF uses the CDBG national objective of "eliminating slums or blight." As a result, many smaller scale projects (in downtown areas or blighted industrial areas) may be competitive for RDF financing.
